

Alumnis Community - Inspiring Stories

We are St Helens C of E School

Jack decided to raise money for a defibrillator after watching an article on newsround. He created his own proposal and a plan. He started off aiming for a small portable one and raised enough within the first 6 weeks. With match funding, he was able to secure an external heated defib.

Evelyn (Y3) decided to run a bake sale for Ukraine and raised almost £300, again after watching Newsround. She did all the comms and advertising and she and her friends organised all the cakes.

This is Thea with the CEO of the RFU who visited her rugby club after she wrote to him highlighting the issues with barriers to girls' rugby in the area. They have stayed in touch and regularly discuss how initiatives are developing.

Alumnis Community - Inspiring Stories

We are at **St Helens C of E School**

A group of Year 2s who generously gave up lunchtimes to make the entrance area tidier, cleaner and more inviting for everyone.

This fantastic bunch of Y4s independently scripted, directed and performed the Easter story. They even raised money to rent the village hall for rehearsals and performances. Any profits went to Ukraine.

Daisy from Year 1 wanted to read a book she had enjoyed to the whole school, so she asked her teacher to record it on Seesaw and share it with all the classes! Inspiring Speaker and such a creative and innovative idea.
