

### Inspiring Changemakers:

Thank you to Mrs Barkwill and Mrs Fidler who have worked tirelessly to ensure Y6 are ready to take on the end of KS2 tests. They have prepared the children brilliantly both in the run up and during this week. Thanks also to the army of supporters who ensure the week runs smoothly, either by supporting with the administration, invigilating, giving up additional adults and so much more. Mr and Mrs Marlow have supported the children (and adults!) all week, and were particularly fabulous when we had an unannounced monitoring visit on Monday morning! Obviously, it went very well with our systems and processes being highly praised as well as the conduct and learning behaviours of the children. It makes a world of difference and is greatly appreciated.

### Community updates:

It is only 5 weeks until the annual village fete which will take place on 22nd June. This is always a brilliant community event and one which raises lots of money for the school community. It would be brilliant to have lots of help with running the Friends of St Helen's stalls so that everyone has a chance to enjoy the day. If you are able to support this great event, please speak to Mr Kent.

### Key learning this week:

What absolute superstars our year 6 children have been this week, taking on their SATs tests with confidence and courage. They have loved SATs breakfast and have supported one another brilliantly through a busy week. It really has been a chance for them to show what they can do and we are really proud of them all for the progress and achievements.
