

Inspiring Changemakers:

Today we celebrate Miss Hall, our wonderful administrator who is also our attendance champion.

Rachel does a marvellous job as the initial point of contact at St Helen's and is fantastic at keeping me informed of what is happening when I am off site.

I am delighted to be able to say that on Wednesday, she informed me that we had 99.54% attendance, meaning only 1 child out of 215 was not in school with an unauthorised mark.

That's pretty impressive! Well done!

What's new?

Today is our last LSC meeting of the academic year. A huge thank you to all who serve, particularly to Mrs Fidler, who finishes her term as staff representative and to Mr Hardy, who leaves us as a parent representative. If you would like to apply to join the board, or would like to know a little more about what this important voluntary role entails, please speak to me, or Miss Hall or click [here](#).

Community updates:

Due to an issue with the hotplates in the kitchen, which isn't immediately rectifiable. Mrs Gibb, our fabulous kitchen manager has had to change the menu for the last 2 weeks of term.

She has worked really hard to ensure that we can continue to provide a hot meal for anyone who wants one and I can only praise her creativity and resilience as well as her commitment and dedication to our school community.

If you have any questions or need to change any options you may already have booked, please contact the school office.

Key learning this week:

We have loved welcoming our new reception cohort and have been very proud of how grown up the nearly year 1s have been, sharing their space! Year 1 went to the multiskills festival this week. They had lots of fun and showed great sportsmanship.

Year 2 have been working very hard on their presentation and lots of children have started using pen to write in readiness for Year 3 - very exciting!

Year 3 are using green screen technology to record their team talks - c'mon England!

Year 4 have enjoyed a morning in their new classroom with Mrs Fidler and felt very grown up!

Year 5 have been doing lots of fabulous learning in French, talking about their families and Year 6 are busy rehearsing for their end of school performance - it sounds great!
