

Inspiring Changemakers:

Our cook, Phoebe, led a thoughtful and inspiring worship focused on our virtue of courage - encouraging everyone to be brave and try something new. She also introduced 'Try It Tuesdays', an exciting opportunity for children to explore different foods alongside their usual lunch every Tuesday.

We are really excited about Phoebe's inventive way of promoting adventurous eating and are sure this will inspire your children to be more open to trying new foods at home, too!

What's new?

Many of our Year 5 and Year 6 pupils are setting off to France tomorrow for an exciting residential adventure! We are all wishing them a fantastic trip filled with new experiences, learning and unforgettable memories!

Community updates:

Year 2 had a fantastic evening for their first residential experience - Movie Night! Snuggled up in their pyjamas, they relaxed with friends to watch *Luca*, all while enjoying delicious pizza and treats. A wonderful way to create special memories together! Thank you to FOSH for funding this wonderful event.

Key learning this week:

Mrs Bolton - Reception

Reception have had an exciting and imaginative week! We returned from half-term to a magical surprise—a towering beanstalk in our classroom and a mysterious crime scene to

investigate! A letter from the Giant set us on a thrilling quest to find Jack, solve the mystery and return the Giant's special belongings. The children showed fantastic creativity, problem solving skills and enthusiasm for writing as they pieced together the clues. What an incredible week of adventure and learning!
